

Severe Allergies requiring EpiPen® Administration

If your child has severe allergies requiring administration of an EpiPen® please complete the following forms,

These forms must be completed by your child's health care provider (parents may not fill out their own child's health or medication forms)

Please note that if you need your child to have Benadryl and Epi Pen® on site, you are required to have a Written Authorization form for each medication. Only one medication may be listed on each authorization form.

Written Authorization Form

Please note: Forms must be filled out completely. Please use the form below to review the health care provider's form prior to leaving your health care provider's office for completeness.

Bring in your child's medication

The medication that you bring for your child must have a pharmacy label, either on the medication or on the box. The child care center is required to have the labeled container. All medication must come in its original container.

Individual Health Care Plan

As the Parent please complete page one. Please have your health care provider complete page 2 and 3, and sign page three. Once the health care provider has completed the form, please review the form for a completeness and accuracy.

Emergency Health Care Plan

Your child's health care provider must complete this form.

Please ensure that it is fully completed.

Under the Action Section: please ensure that the actions are numbered, what action is to be taken, 1st, 2nd, 3rd, etc.

You and your child's health care provider will need to sign this form.

Our Child Care Program is Peanut and Nut free. These policies are listed in our parent handbook, and signs are placed throughout the facility as a reminder.

A child care health consultant visits your program weekly. If you have any concerns related to the care of your child and our ability to support your child's health in our program please contact her. Kimberly Sandor, MSN, FNP, RN k.sandor@comcast.net
